There is now a dedicated telephone number to ring if members of the public have concerns about child protection. Councillor Street will supply some posters in this respect.

An announcement is about to be made regarding the Combined Authority and it is expected that this will now include an elected mayor.

Councillor Martin	Councillor Street
Councillor Morrison	Councillor Young
Councillor Evanson	Councillor Batterbee
Councillor Harrison	Councillor Norton
Councillor Smith	Councillor Brook

The Chairman exercised his casting vote against the motion.

A letter has been received requesting a bus shelter outside the Town Hall and consideration to making Church Brow one way to traffic. It was agreed that the Clerk should contact Derbyshire County Council to ask them to look into

the possibility of making part of Church Brow One way, noting that access to Terrace Road will need to be kept open.

With regard to a bus shelter outside the Town Hall it was felt that this was not feasible due to space and the fact that it could become a gathering place outside the view of CCTV.

The Conservation Officer at High Peak Borough Council has suggested that the repair to the steps by Nat West Bank is in natural stone if possible. If not a repair like for like would be acceptable. The Council are asked to check that the work would not require planning permission. It was agreed that quotes be obtained to repair the area in matching tarmac.

The Clerk was asked to contact Federal Mogul Friction Products to see if they would be willing to sponsor the planting of the mini roundabout again. It was also noted that the tarmac by the roundabout needs some attention as the camber of the road is now being affected by wear of the surface.

Derbyshire County Council are to conduct a safety exercise on Sheffield Road near the Chestnut Centre when cars park on the highway at busy times.

It was noted that the grass verges on some of the estate road need to be cut back and this will be passed onto High Peak Borough Council.

**16/227 Matters arising from the above Minutes**

Following the F & GP Committee the Chairman and Vice Chairman met with the person organising the Christmas Market in respect of the grant application. The event will be held behind the Cobbles Public House but it is intended as it grows to move the event onto the Market Place. The organiser had asked local businesses if they would support the event on the Market Place this year but little interest had been shown.

Members were concerned that one business would benefit to the detriment of others and that initiatives that come from Totally Locally and support all businesses would be more favourable.

Councillor Harrison proposed that a grant should not be made to this event as it would set a precedent and Councillor Martin seconded the motion. All members were in agreement.

**16/228 Neighbourhood Plan**

A meeting has taken place to look at the countryside and footpath issues raised in the Community Plan followed by site visits to some of the public footpaths. A further meeting will be held before the end of the year.

**16/229 Economic Regeneration**

High Peak Borough Council have submitted an expression of interest for D2N2 funding and are with partners seeking to develop an economic masterplan for land allocated in the Neighbourhood Plan for industrial use. It is anticipated that the Leys Allotments site would be included in the land allocated in the masterplan and therefore an additional site for allotments would need to be found. It was suggested that contact be made with the Methodist Church in this respect.

**16/230 Parks and Open Spaces**

A pre contract meeting has been held with Wicksteed prior to the installation of the new play equipment at Needham Recreation Ground.

At the meeting it was noted that the surface under the existing swings needs to be replaced and Wicksteed have provided the following quotes:

To dig out, replace the wooden edging with concrete and overlay with wet pour - £2,564 ex VAT

To dig out and lay new safety grass surface - £3,482 ex VAT

These quotes are subject to the work being undertaken at the same time as the installation while contractors are on the site.

Councillor Harrison proposed and Councillor Smith seconded that the lower quote be accepted. All members were in agreement.

**16/231 Allotments**

The Courses Allotment Society had their AGM in October and have advised that the demand for allotments has dropped off. Given that Federal Mogul appear reticent to sign a new lease for additional land they have suggested that this matter be left in abeyance due to the lack of demand.
